Women Drowned While Bathing.

Knoxville, Tenn., July 10.—Miss Maggie Thelin and Miss Ellen Olsen, a native of Sweden, who were guests of the wife of President Patton of the Embreeville Iron company, at Embreeville, Tenn., were drowned in the Nola Chucky river near Embreeville while in bathing. The two women had started to wade across the river hand in hand, when Miss Olsen, who was in front, stepped into water 15 feet deep, dragging Miss Thelin with her. When they began struggling, Miss Zelma Johnston, who was on the bank, screamed for help and a man responded, but he did not arrive until Miss Olsen and Miss Thelin had sunk for the third time. Both bodies were recovered.

Asthma Sufferers Should Know This.

Foley's Honey and Tar has cured many cases of asthma that were considered hopeless. Mrs. Adolph Baesing, 701 West Third St., Davenport, Iowa, writes: "A severe cold contracted twelve years ago was neglected until it finally grew into asthma. The best medical skill available could not give me more than temporary relief. Foley's Honey and Tar was recommended and one fifty-cent bottle entirely cured me of asthma which had been growing on me for twelve years. If I had taken it at the start I would have been saved years of suffering." J. W. McCallum & Co.

Authorities May Clash.

Georgetown, Ky., July 10.—It has been stated here today that Judge Sloan of the circuit court, who is to call the case of Caleb Powers for trial on Monday, has given orders to Jailer Finley not to allow, under any circumstances, the transfer of Powers from his charge, until after the trial. No matter what decision was made by Judge Cochran, and that the prosecuting attorney concurs in the order. As Judge Cochran granted the writ of habeas corpus, and directed that Powers be taken to the jail at Newport, Ky., a clash of authority may occur when the order of the United States judge is put into effect.

Take Care

Of Your Heart.

It is the engine that forces the blood to every part of the body; this blood conveys the nourishment that makes flesh, bone and muscle; it also carries off the worn-out particles.

If the heart flutters or palpitates, it is weak, and is working imperfectly, so that the body does not get this nourishment; it also fails to throw off the impurities, and they remain to poison the system.

If it is irregular, skips beats, or is painful, the heart is probably "leaky" and the circulation poor. These conditions are dangerous. You can make your heart well, and keep it so, with Dr. Miles' Heart Cure, which is a heart medicine and tonic that strengthens the heart nerves and muscles.

"I have been a sufferer for years from nervousness and weak heart, and I have tried all the doctors in the community. They all told me that I had heart trouble, but they failed to help me. My druggist prevailed upon me to try Dr. Miles' Heart Cure, and Restoration Nervine, saying that if the first bottle did not benefit me he would return the money. Every dose helped me from the time I began taking it, and after awhile my trouble was gone entirely."

Negro Riddled by Mob.

Shelbyville, Ky., July 10.—Loo Beard, a negro, who had been arrested on the charge of assaulting Mrs. Chester Crawford, of Normandy, was lynched at that place. He was being taken from Taylorville to Shelbyville for safekeeping, but when the train arrived at Normandy a mob of about 25 men entered the day coach and riddled Beard with bullets as he sat in his seat.

Insurance Man Commits Suicide.

Spokane, Wash., July 10.—F. C. Boyd, aged 35, assistant general agent of the Hamburg-Bremen Insurance company, has committed suicide by shooting himself through the head. Boyd was heavily interested in the Big Bend Naval Bank of Davenport, Wash. C. C. May, president of the bank, was arrested in Berlin. It is believed his mind was unbalanced.

Baseball Players and Foot Racers!

Louis J. Kruger, ex-champion long distance foot racer of Germany and Holland, writes Oct. 27, 1901: "During my training of eight weeks' foot races at Salt Lake City, in April last, I used Ballard's Snow Liniment to my greatest satisfaction. Therefore, I highly recommend Snow Liniment to all who are troubled with sprains, bruises or rheumatism." 25c, 50c and \$1. Sold by W. M. Johnson.

Getting Even With a Creditor.

There is a story told about a western man who now wears the title of judge. A certain man had a twenty-five dollar claim against the judge, who was then only an attorney, and had dunned the judge for payment until it became monotonous to hear the reply: "I haven't the money now, but expect to have soon. I will pay you as soon as I can." So one day he told the judge that he proposed to sue and put the claim into a judgment. "That will do you no good," the judge replied, "for I haven't a thing that you can levy on, and it will only make costs." The man did not care for that, as it would be some satisfaction to have a judgment. The judge remarked, "You will have to hire a lawyer to sue for you; now, let me have it and I will go down to court and confess judgment and save the bother of a trial." The man handed over the 100 C., and the judge went to court and confessed judgment for \$25 and costs, as he agreed to do. Then he sent in a bill to his creditor for \$50 for attorney's fee and concluded that he was even at least, to which the creditor agreed after recovering his breath.

Indigestion.

With its companions, heartburn, flatulence, torpidity of the liver, constipation, palpitation of the heart, poor blood, headache and other nervous symptoms, sallow skin, foul tongue, offensive breath and a legion of other ailments, is at once the most widespread and destructive malady among the American people. The Herbine treatment will cure all these troubles. 50c bottle. Sold by W. M. Johnson.

Elephants In the Forest.

"In certain regions of Africa," writes an old hunter, "elephants are still numerous. This is particularly the case in the country lying between the Victoria and Albert lakes, which is very hilly and covered by much forest. Their tracks are visible everywhere, although they themselves are but rarely seen. The damage done by elephants to these forests is incredible. I have more than once come upon spots where these huge beasts would appear to have held a kind of elephant carnival, apparently for no other purpose than that of wanton destruction. A large area covering many acres would be completely stripped of trees, nothing but jagged stumps, sticking up a few feet from the ground, remaining of what had once been thick forest. Masses of large trees would be uprooted and buried about in every direction, many of them being tossed bodily to a long distance from their original position. In many cases the entire foliage would remain intact, showing plainly that food could not have been the primary object of this wholesale destruction."

Makes the Liver Lively.

Orino Laxative Fruit Syrup gives permanent relief in cases of habitual constipation as it stimulates the liver and restores the natural action of the bowels without irritating these organs like pills or ordinary cathartics. Does not nauseate or gripe and is mild and pleasant to take. Remember the name Orino and refuse substitutes. J. W.
